American Fork Hospital	127	251.97	192.99	**
Uintah Basin Medical Center	43	372.09	190.12	*

Most Utah hospitals in this table did as well as expected compared to similar hospitals in the U.S.

The following hospitals treated at least one patient but fewer than 30 patients:

Allen Memorial, Bear River Valley, Beaver Valley, Castlevue, Central Valley, Delta Community, Fillmore Community, Garfield Memorial, Gunnison Valley, Kane County, Mountain West San Juan, Sanpete Valley, and Sevier Valley

Rating:

*** Lower rate than expected (better)	** Same as expected	* Higher rate than expected
---------------------------------------	---------------------	-----------------------------

Observed Rate: number of women out of 1,000 who delivered a live baby and experienced this outcome.

Expected rate: number of patients out of 1,000 who were expected to experience this outcome at this hospital if it performed the same as other U.S. hospitals that treated similar patients (adjusted for mother's age and other conditions the mother has).
